

Demonstration Notice #2

February 18, 2011

Embassy Manama is advising all U.S. citizens to remain in their residences until further notice. There are confirmed reports of violent clashes including weapons fired between protestors and security forces in various parts of the city. Spontaneous demonstrations and violence are expected throughout the next several days. There is no indication that westerners are being threatened or targeted.

We remind American citizens that even demonstrations intended to be peaceful can turn confrontational and possibly escalate into violence. American citizens are therefore urged to avoid the areas of demonstrations if possible, and to exercise caution if within the vicinity of any demonstrations. American citizens should stay current with media coverage of local events and be aware of their surroundings at all times.
